ROAMREST STORYTELLER

Compatible Replacement Van Mattress + RoamChucks

Premium Comfort:

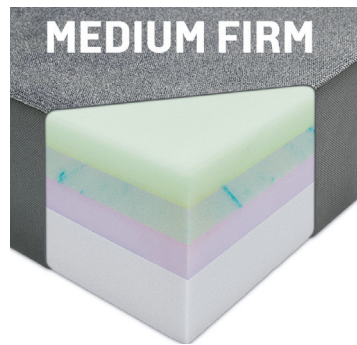

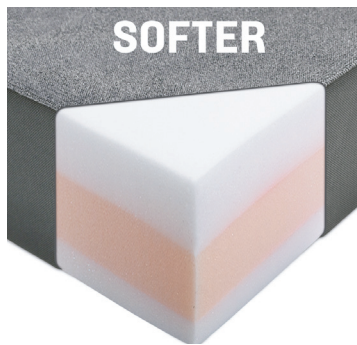

Discover restful slumber wherever you go with our Storyteller replacement mattress! The Medium-Firm captures a perfect balance between cozy comfort and firm support thanks to 5" thick four-layered foam plus cooling memory insert. Or, upgrade your sleep experience even further by selecting the Soft model for an extra layer of cushioning perfection. Either way, a soft fabric finish ensures every journey is relaxing.

Design & Fitment:

Upgrade your road trip with a direct replacement of your stock Storyteller van mattress for a perfect, easy, and simple swap out. Comes with Velcro flaps securing the 2-piece mattress body to bed platform and metal plates in each wing for original structure.

Durability:

Our water and abrasion resistant polyester top fabric, as well as our rip resistant low-slip polyurethane coated nylon side and bottom fabric combine for a durable product that stands up to regular use. Easily removable zippered covers make convenient hand cleaning with light soap the perfect solution, air dry.

Advanced Foam Technology

Experience the ultimate sleeping experience with our 5" foam mattress! Our soft upper layers, including a gel memory foam insert (medium-firm only) for lasting comfort and performance. Feel supported all night long as you are kept cushioned with the firm bottom layer which prevents an uncomfortable push-through to hard bed platforms below. Rest easy in extreme coziness due to its polyester top fabric that's gently soft-to-the touch.

NEW: The Soft version of our Storyteller replacement mattress offers 5" thick foam with three-layers of softer foam for additional comfort.

Materials & Certification

REMOVABLE COVER: Soft-to-the-touch polyester top. Ultra durable low-slip bottom fabric with zippers.

FOAM: All foam is CertiPUR-US certified which means: Made without ozone depleting chemicals; PBDEs, TDCPP or TCEP ("Tris") flame retardants; mercury, lead, and other heavy metals. Made without formaldehyde, or phthalates regulated by the Consumer Product Safety Commission. Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million).
